

# SPARTAN DIESEL TECHNOLOGIES

Hendersonville, NC (828) 606-3263  
[www.SpartanDieselTech.com](http://www.SpartanDieselTech.com)

To all 6.4L DPF-Delete Powerstroke Customers,

Upon receiving this product, please email us at [64calibrations@spartandieseltch.com](mailto:64calibrations@spartandieseltch.com) with the following information:

**Name**

**Address**

**Invoice number** (top right corner of sales invoice)

**Serial #** of your DashDAQ Series II (located on side of box, or on back of unit)

**VIN** (Vehicle Identification Number)

**Strategy Code** (this information is obtained by clicking vehicle information on the Phalanx, within the "Tuning" menu. You will need to install the Phalanx/DashDAQ console in your vehicle to read this.)

**Choice of tunes**

The following calibrations are available:

Stock DPF delete

40RWHP

75RWHP

120RWHP

150RWHP

175RWHP

210RWHP

250RWHP (optional 4<sup>th</sup> tune race upgrade; if you purchased this it will be on the sales invoice).

Please choose any 3 tunes (with the 250 as the 4<sup>th</sup> if purchased) and they will be **sent to you within 48 BUSINESS hours**; please keep this in mind when planning installation schedules. If there is a specific reason that your tunes are needed more urgently, it needs to be discussed with us first- we will be happy to accommodate specific needs, but poor planning on your part does not constitute an emergency on ours. If you send your tune request on a Friday morning, ect., please do not expect tunes before the weekend unless you have discussed it with us first. If you have any questions about these instructions, feel free to email us at the same above address. If you purchased other additional tunes at the time of sale, please simply note such in your email.

Our off-road use and liability disclaimer must also be printed, signed, and either faxed or mailed back to us before receiving any DPF-Delete custom tuning for environmental and legal purposes. The disclaimer

can be downloaded straight from our website; <http://www.spartandieselttech.com/b4disclaimer> (there is also a link on our main site). If you wish to scan and email your copy of the disclaimer, please send copies to [64calibrations@spartandieselttech.com](mailto:64calibrations@spartandieselttech.com) and [sales@spartandieselttech.com](mailto:sales@spartandieselttech.com). Failure to email to both addresses can create delays in receiving your tunes.

Our fax number is 828-692-9968. If you wish to mail the form in, please mail to:

Spartan Diesel Technologies  
ATTN: 6.4 Calibrations  
328 Trenholm Rd  
Hendersonville, NC 28739

***For accuracy of the needed data, please email us instead of calling with all information for tuner setup. This will allow us to provide faster and more accurate support. All employees will have access to our email database; any information taken via telephone will take longer to process. For problems or technical support, feel free to call or email.***

All software updates for the Phalanx Flash Console firmware can be found on our website at <http://www.spartandieselttech.com>. The DashDAQ update tool package for performing the updates can be found on the software disc included with the Phalanx/DashDAQ console, or by visiting <http://www.dashdaq.com>, then downloads.

You may also visit our technical support forums for technical assistance and detailed installation instructions at <http://www.spartandieselttech.com/forum>.

Thanks,  
6.4L Calibration Team

## PRODUCT DISCLAIMER AND LIABILITY WAIVER

**This product is designed for off-road, competition use only. Use on State and Federal Highways is a violation of the EPA Clean Air Act.** The Clean Air Act can be found at <http://www.epa.gov/air/caa/>. This document contains in detail what are considered to be violations of the CAA and corresponding penalties for failure to obey and should be read in full before signing this disclaimer and/or installing this off-road only use product. Ensuring that all emissions, noise/sound, and speed/use related laws are followed are the responsibility of the Buyer(s). Installation of this product indicates that this disclaimer has been read, acknowledged, and understood fully by both the Buyer(s) and Installer(s).

The Buyer(s) assume all associated risk of the purchase and/or use of this product. "Spartan Diesel Technologies" assumes no responsibility of any personal injury, death, or property damage associated with the use of this off-road only product. The Buyer(s) assume all responsibility of ensuring that all applicable speed and safety restrictions are followed during the use of this product. This includes staying within speed limits of tire rating, engine speed restrictions, and legal off-road use of the vehicle and associated product. The above is regardless of capabilities enabled by use of "Spartan Diesel Technologies" product. All local, state, and federal laws and ordinances must be adhered during the use of the product. Determining the nature of these laws and ordinances is the responsibility only of the Buyer(s).

Manufacturer Limited Vehicle Warranties should be referred before installation and use of this product. "Spartan Diesel Technologies" shall not be held responsible for voidance of any Manufacturer Warranties. The vehicle manufacturer is to be referenced directly by the Buyer(s) to determine what is/is not permissible under the Manufacturer's Limited Warranty. The Buyer(s) assume all possible damages and associated costs in the situation of Manufacturer Warranty voidance.

Installation, service, and use are solely the responsibility of the Buyer(s) and Installer(s) of the given product. "Spartan Diesel Technologies" assumes no liability for personal injury or property damage due to misuse, mis-installation, or improper service of the product. The Buyer(s) and Installer(s) assume all responsibility of ensuring that all proper instructions for installation and use are followed.

This product is capable of the following:

- I. Making the vehicle in compliance with Local, State and Federal emissions regulations.

- II. Making the vehicle capable of generating vehicle speeds unsafe for driving conditions
- III. Making the vehicle capable of generating conditions exceeding safe vehicle speeds based on mechanical condition of the vehicle, such as tire speed ratings.
- IV. Making the vehicle capable of exceeding mechanical limits of engine speed, power output, and mechanical stress upon the powertrain, driveline, chassis, and body of the vehicle.
- V. Producing power and torque output(s) requiring superior driving skills and techniques in order to be safely applied.

It is the sole responsibility of the Buyer(s) and User(s) of this product to be aware of these additional capabilities and adjust the installation and use of the product accordingly.

All other warranties, express or implied, are not applicable for the purchase and use of this product. Failure of the product due to misuse or mis-installation is specifically excluded from the Limited Warranty of this product. "Spartan Diesel Technologies" will not be held liable for indirect, incidental and/or consequential damages caused by the purchase, installation, and/or use of the product.

**Signature of this disclaimer and waiver is necessary in order to receive tunes/calibrations from Spartan Diesel Technologies to enable use of our DPF-Delete 6.4 Liter Ford Products.**

**Signature of this disclaimer and waiver implies that the Buyer(s) and all potential User(s) have read, understood, and accepted the contents and responsibilities of both the said disclaimer and Federal EPA Clean Air Act linked and referenced herein.**
